APPROVE CONTRACT WITH THE CALIFORNIA DEPARTMENT OF EDUCATION (ALL DISTRICTS) (3-VOTES)

SUBJECT

Enter into a contract with the California Department of Education/Child Development Division (CDE/CDD) for the purpose of continuing the Investing in Early Educators Program. This program provides cash stipends to eligible participants who are working directly with young children in CDE/CDD funded child development programs or other qualified programs, and who complete at least one three-semester unit course in child development or other courses leading to a degree. This contract is for \$3,078,883.

JOINT RECOMMENDATION WITH THE CHILD CARE PLANNING COMMITTEE THAT YOUR BOARD:

1. Approve and instruct the Mayor to sign the attached contract (Attachment A) with the CDE/CDD for the Child Care Salary Retention Incentive program for Fiscal Year (FY) 2011-12. The contract continues funding for the local Investing in Early Educators Program in the amount of \$3,078,883. The Office of Child Care, within the Service Integration Branch of the Chief Executive Office (CEO), administers this contract on behalf of the Child Care Planning Committee (Planning Committee). The purpose of the Investing in Early Educators Program is to retain an educated and qualified child care workforce in CDE/CDD-subsidized child development centers and other specified child development programs.
2. Adopt the attached resolution (Attachment B) and delegate authority to the CEO or his designee, to prepare and execute any and all documents, and contract amendments on behalf of the County as may be deemed necessary to implement this contract. Approval as to form by County Counsel will be obtained prior to executing any amendments.

PURPOSE /JUSTIFICATION OF RECOMMENDED ACTION

The Office of Child Care has administered the Child Care Salary Retention Incentive program through CDE/CDD contracts since FY 2001-02. This program provides stipends to qualified persons working in CDE/CDD-funded child development centers for the purpose of boosting the retention and education of teachers. Beginning in 2006, a waiver was granted that allowed the program to include family child care providers in CDE/CDD-funded Family Child Care Home Education Networks and teachers in non-CDE/CDD-funded centers and family child care homes serving a majority of children whose care was subsidized.

This coverage has been instrumental in helping to promote the ongoing education of early educators. Over the life of the Investing in Early Educators Program, over 19,100 stipends have been awarded and 1,190 participants have earned college degrees. During FY 2010-11, the Investing in Early Educators Program paid out over \$2,700,000 in stipends to early educators working in Los Angeles County. These monies helped 1,592 persons, including 140 licensed family child care providers, working directly with young children in Los Angeles County complete at least one three-semester college course. In fact, over 68 percent of the program participants completed six or more units. A total of 136 participants completed degree requirements and earned graduation stipends. Twelve participants earned Master of Arts degrees, 65 participants completed Bachelor of Arts or Science programs and 59 participants received Associate of Arts degrees.

Implementation of Strategic Plan Goals

The Investing in Early Educators Program supports the County's strategic plan goal number two: Children, Family and Adult Well-being. The stipend component of this program is designed to address the quality of child development services by reducing teacher turnover in CDE/CDD-funded child development centers and other qualified programs, while also promoting the ongoing education of early educators.

FISCAL IMPACT/FINANCING

Approval of the attached contract will provide a total of \$3,078,883 for the continued operation of the Investing in Early Educators program. Funding is included in the Chief Executive Office Fiscal Year 2011-12 Adopted Budget. All costs associated with this contract are covered by the funding from CDE/CDD.

It should be noted that this program absorbed a 22 percent reduction in FY 2010-11 and an additional 9 percent for this fiscal year. These cuts will result in the release of fewer stipends. As previously stated, all CEO administrative costs will be covered.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Assembly Member Dion Aroner introduced AB212 for the purpose of addressing the low salaries and high turnover rates in CDE/CDD-funded child development programs. The bill was signed into law in 2000 and funding to implement this legislation was included in the 2000 - 2001 State Budget. The Investing in Early Educators Program was launched in Los Angeles County in FY 2001-02. The contract before your Board will support the continued operation of the Investing in Early Educators Program through FY 2011-2012.

In 2005, Los Angeles County sponsored AB1285 which granted a waiver to the Investing in Early Educators Program and allowed the program to include: 1) teachers in non CDE/CDD-funded centers which serve a majority of state-subsidized children; and 2) family child care providers who are part of a CDE/CDD-funded network or who serve a majority of state-subsidized children. The waiver became effective in January 2006 and as a result of the 2009-2010 Budget Trailer Bill, will continue throughout the life of the program.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Funding was reduced by 31 percent over last year and this current fiscal year. Therefore, stipends will be reduced accordingly.

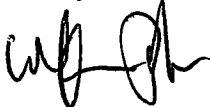

CONCLUSION

Three signed copies (original signatures are required) of the contract and a signed and dated resolution should be returned to:

Office of Child Care
222 S. Hill Street, 5th Floor
Los Angeles, CA 90012

Copies will be forwarded to CDE as required.

Respectfully submitted,

WILLIAM T FUJIOKA

2. Changes in Laws or Regulations

The CDD shall notify contractors in writing of changes in laws or regulations prior to the effective date or as soon as possible after enactment. If any laws or regulations are changed substantially during the contract period, the contractor shall have the option to discontinue performance and be relieved of all obligations for further performance.

The contractor has thirty (30) calendar days from receipt of notification of pending changes to notify the CDD in writing of the contractor's intent to terminate if the required changes are unacceptable to the contractor. The contract shall be deemed terminated sixty (60) calendar days after receipt of the notification of the intent to terminate.

G. Applicability of Corporations Code

Except for partnerships and sole proprietorships, private contractors shall be subject to all applicable sections of the Corporations Code including standards of conduct and management of the organization.

H. Conflicts of Interest for Child Care and Development Programs

Based on corporate law (*Corporations Code* sections 310, 5233-5234, 7233 and 9243 as applicable) the general rules that would be followed to ensure that transactions are conducted "at arm's length" include:

1. Prior to consummating the transaction, the governing body should authorize or approve the transaction in good faith and the board should require the interested party, or parties, to make full disclosure to the board both in writing and during the board meeting where the transaction is being discussed and
2. All parties having a financial interest in the transaction should refrain from voting on the transaction and it should be so noted in the board minutes.

If the transaction involves the renting of property, either land or buildings, owned by affiliated organizations, officers or other key personnel of the contractor or their families, the board of directors shall request the interested party to obtain a "fair market rental estimate" from an independent appraiser, licensed by the California Office of Real Estate Appraisers. If the contractor has no board or is a sole proprietor, the requirement for a "fair market rental estimate" shall also apply. The contractor has the burden of supporting the reasonableness of rental costs. If the property is owned by the contractor, rental costs are not reimbursable and costs may be claimed only as depreciation or use allowance. Any transaction described in this paragraph shall be disclosed by the auditor in the notes to the financial statement in the annual audit.

Rental costs for equipment owned by affiliated organizations, officers or other key personnel of the contractor or their families are allowable only as use or depreciation allowance.

I. Equipment Inventory

II. Agency Responsibilities

A. Role of Local Planning Councils (LPCs)

Each LPC should:

1. seek legal counsel to determine what safeguards need to be established to protect the public interest;
2. address potential conflict of interest issues;
3. collaborate with all other interested parties in its county in order to conduct *comprehensive* child care staff recruitment and retention planning;
4. each county may develop a plan that identifies the uses of funds from a variety of sources (the Child Care Salary/Retention Incentive Funds, as well as funds from both local and State Children and Families Commissions (First 5) and other funds) to support the retention and recruitment of qualified, Title 5 child care employees throughout that county's early care and education programs (including both subsidized and non-subsidized services).

The *LPCs may submit either type of plan*: a comprehensive county plan that includes a variety of funding sources and initiatives, as long as the plan clearly and separately identifies the required information about the specific funds announced in this bulletin; or a county plan that is limited to the funds announced in this bulletin.

B Use of Funds

1. This funding is to supplement, not supplant existing efforts and investments to retain qualified, Title 5 child care staff at the local level.
 2. The contract funds must be allocated to retain qualified, Title 5 child care employees, who work directly with children who receive subsidized care, in state subsidized, center-based programs and family child care and education home networks.
 3. One percent of the total funding allocation may be used for planning purposes. This includes any costs related to developing the plan.
 4. Contractors may claim no more than 15 percent of actual costs incurred, including the one (1) percent expended on planning, for administration.
 5. Contracts will be issued to the legal entity that currently holds the LPC contract with CDE/CDD.
 6. Collaboration is encouraged.
 7. Memoranda of Understanding, sub-contracts, consortia agreements among multiple counties, and other formal and informal types of collaboration are allowed. In particular, counties that have received small allocations may wish to develop a multi-county regional plan that will allow them to maximize the impact and/or benefits of their allocations.
 8. Each plan must describe the current data about needs and resources available relative to this initiative in their county, including but not limited to data about staff turnover and retention rates, and then must explain how awarded funds will be allocated in accordance with those data.
- C. Each plan must *identify* and *prioritize* the types or categories of California Code of Regulations Title 5, child care employees who will qualify for participation in this child care staff retention initiative.**

- D. Each plan must describe measurable outcomes and how they will be used to assess and document the effectiveness of this funding award in retaining qualified, California *Code of Regulations* Title 5 child care employees.
- E. Staff retention activities funded by these dollars should be selected in such a way that they are not dependent upon ongoing funding.

Each LPC must be able to demonstrate that it has systems in place for assuring both fiscal and program accountability for these funds. This includes a fiscal system that conforms to accounting standards for state contracts, and a program documentation system that is able to demonstrate impact of these funds over time and report the measurable outcomes identified in the plan. If funding awards are made for another year, LPCs will be asked to provide data regarding the effectiveness of their retention efforts.

F. Reimbursement and Non Reimbursable Costs

- 1. Reimbursable costs must be incurred during the contract period. Contractors shall not use current year contract funds to pay prior or future year obligations.

Contracts and subcontracts shall be reimbursed for travel and per diem expenses at rates not exceeding those amounts paid to the CDE's represented employees computed in accordance with California Code of Regulations, Title 2, Subchapter 1, State Department of Personnel Administration (DPA).

- 2. Non reimbursable costs will be determined in accordance with the 2011-12 Resource and Referral Funding Terms and Conditions, Section V.F., "Non Reimbursable Costs."

G. Reporting Requirements

Each LPC must submit yearly a CD-3021 Child Care Retention Program Report, which describes the distribution and uses of the funds in the prior fiscal year (July 1, 2011 to June 30, 2012) and the number of individuals or entities who received a stipend or benefit. This report shall be submitted no later than July 20, 2012. The CD-3021 Reports shall be mailed to:

The last fiscal report for the period of July 1, 2011 to June 30, 2012 will be due July 20, 2012. Quarterly reporting must be submitted for reimbursement of expenditures. Governmental and other public agencies (excluding school districts, county office of education and community college districts) must comply with the requirements of OMB Circular A-133 and the CDE's "Audit Guide." All other agencies (excluding school districts, county offices or education and community colleges) must submit a contractor audit performed in accordance with the CDE's "Audit Guide."

Introduction

AB 1285 was passed by the legislature and chaptered on October 7, 2005. This law allows Los Angeles County to expand the population eligible to participate in the CDE-funded Staff Retention Program. The Los Angeles County Plan can include family child care providers in home education networks, and providers and teaching staff from programs which serve a majority of children subsidized through CDE-funded Alternative payment agencies. The Plan for Los Angeles County includes these components:

Stipends will be provided as incentives for continuing education to early childhood educators at various professional levels including: teachers in CDE-funded programs, Home Education Network providers, teachers working in programs that are serving a majority of children subsidized through CDE-funded Alternative Payment agencies, and FCC providers serving a majority of CDE subsidized children. Graduation stipends will be given to eligible applicants who have completed coursework for a B.A., AA, and MA degrees within the application cycle.

Training will consist of Environmental Rating Scale (ERS) support training, Inclusive practices, and other training related to elements included in the Steps to Excellence quality rating and improvement program (STEP). These trainings will focus on how to create a developmentally appropriate and effective instructional/interactive environment that can translate into improved STEP ratings as well as improved practice. Other training will be offered as specific needs are identified and the budget permits.

Information and Technical Assistance in the form of *Early Care and Education Careers* information packets which will be available to stipend applicants, Professional Growth Advisors, and college instructors and child development program managers. Investing in Early Educators stipend program information will include information on applying for the various child development permits through the Commission on Teacher Credentialing. Academic counseling will be available on a limited basis for applicants through the Office of Child Care. Entry level teachers and providers will be encouraged to obtain their permits.

Data Collection will involve the information supplied by applicants in their applications and verification forms. Staff will be able to provide limited analysis of this data for informational purposes.

Communication/Collaboration with Los Angeles County Community Colleges , First 5LA, STEP and other workforce initiatives will continue. Lessons learned from our experience with the AB212 program will help inform these efforts.

Many efforts undertaken in the last few years have provided a sharper focus on the current needs, limitations, and resources that impact the enhancement, retention and growth of the ECE workforce in Los Angeles County.

The Economic Impact Report and Career Analysis Report indicated the complications in finding a career path within the field given the multiplicity of regulations, college offerings and sponsoring organizations. A key recommendation was to develop a career and wage lattice that clearly articulated the educational and experiential pathways to career goals related to ECE. This work has been undertaken by the Child Care Planning Committee and other stakeholders. The stipends become an even greater incentive and support when a clear path is articulated to higher levels of education, competency, and compensation.

Two new workforce initiatives have been launched: 1) Los Angeles Universal Preschool (LAUP) ASPIRE program which is funded through First Five California and the Los Angeles County First Five Commission (CARES+); and a broad workforce collaboration which includes seven distinct projects targeting improvements in the ECE workforce either through direct intervention through the local colleges and universities, or by means of stipend supports, or through other means. First5LA has committed to funding this multi-year effort and both STEP and the AB212 Stipend program are part of the collaborative efforts. developed an initiative with 4 components including training for exempt providers, professional These have become or will be additional resources for the ECE field. Office of Child Care staff and the Child Care Planning Committee will continue to work with these organizations/ initiatives to ensure comprehensive planning for workforce.

A significant number of stipend applicants have come to depend on the stipends as the means to pursue degrees in ECE. Each cycle presents between 150 and 200 participants who have been able to achieve an AA, BA, or MA degree. The 2011-12 plan includes these degree stipends. There has been an increase in the number of permits issued, particularly for family child care providers and assistant teachers. Holding or obtaining a permit will remain a requirement of the program in order to continue to increase the numbers of individuals who have permits.

Having provided ECERS, ITERS, and FCCERS training for the last few years, we have strong indications that ECE personnel want guidance in implementing improved practices and environments so that they will see improvements in their ECERS ratings. We will offer limited training to address this new need among ECE personnel. We have introduced the Adult Involvement Scale as another way that providers/teachers can evaluate performance with a focus on teacher/child interaction and will provided specific training related to inclusion.

In offering a variety of training through the one-time retention and training funds, it was clear that more time was needed to promote the training; and that most providers and ECE personnel found it difficult to commit to intensive, multi-day training events even though substitutes were provided. There is a multiplicity of excellent training/coaching organizations and individuals available in Los Angeles County. Unfortunately, funding, either through the AB212 program or through individual agencies is limited and so the training opportunities are not used as fully as they could be. Better coordination of training/education and accessibility will be an area of focus for the First 5LA Workforce Initiative in which the staff participates.

Section III – Priorities

First Priority: Teaching staff in CDE-funded centers holding a valid Child Development Permit and working at least 15 hours a week directly with children, and who complete a minimum of three semester units of college coursework will earn stipends.

Second Priority: Family Child Care Providers in Family Child Care Home Education Networks (FCCHEN) funded by CDE, holding a permit during the stipend cycle, who complete a minimum of 3 semester units of college coursework will earn stipends. Network status will be verified by the FCCHEN coordinator.

Third Priority: Licensed Family Child Care Providers and their assistants, and teaching staff in programs serving a majority of children subsidized through a CDE-funded Alternative Payment agency at the time of application, who are working a minimum of 15 hours each week directly with children, and who complete a minimum of 3 semester units of college course work, and who hold a permit during the stipend cycle. To verify that the participating Family Child Care Home or center is serving a majority of children subsidized by a CDE-funded Alternative Payment Agency, each applicant must attach a copy of the payment invoice or summary, or contracts provided by the Alternative Payment agency that reimburses the home provider/center for the care of subsidized children. These invoices or contracts list the children currently in care and being subsidized through CDE. The director or provider must also provide her current enrollment number so that Los Angeles County AB212 staff can calculate the percentage of subsidized children served at the time the stipend application is submitted.

Stipend amounts will range from \$750 to \$2,000 depending on the number of units completed. Actual stipend awards may be adjusted depending on the availability of funds and the number of applicants. Extra assistance will be provided to teaching staff and family child care providers who have not yet obtained a permit and who may need extra help in connecting with community colleges and selecting appropriate classes.

Fourth Priority: Those graduating with an AA, BA, or MA degree within the stipend cycle will also receive a graduation stipend if the degree is in Child Development or a closely related field.

Fifth Priority: Child development staff in site supervisor, director, or other management positions, as well as providers and teachers will be invited to participate in limited training events related to environmental rating scales and the Adult Involvement Scale.

Section IV – Measurable Outcomes

1. At least 1300 stipends will be paid to child development staff in CDE-funded programs, in FCCHE Networks, and to staff and family child care providers in programs and homes serving a majority of children subsidized through a CDE-funded Alternative Payment agency. These child development personnel will have earned at least three units of college credit to advance their educational goals;
2. Approximately 100 graduation stipends will be given to those earning AA, BA or MA degrees in Child Development or closely related fields.
3. Up to 200 child development personnel will receive training.
4. Remaining Early Care and Education Career packets will be distributed
5. Collaboration with other County entities (LAUP and First 5 LA, Community Colleges, etc.) will result in more comprehensive workforce development planning for Los Angeles County.
